Q.B.D. Systems Price List

US and Canadian Pricing Effective April 14, 2010

SOFTWARE

Universal PLM Adapter for MS Dynamics GP/AX/NAV

Software license pricing for the Universal PLM Adapter is for an ERP server site and is based on the number of concurrent users licensed from Microsoft for Dynamics GP, Dynamics NAV or Dynamics AX for that site. If a customer purchases additional Dynamics GP/AX/NAV concurrent users from Microsoft, their license with Q.B.D. must be upgraded and they must pay any incremental license fees and associated support plan fees.

1 – 9 Dynamics GP/AX/NAV Users	$8,000
10 – 19	$13,000
20 – 39	$16,000
40 – 99	$20,000
100+	$25,000

SUPPORT PLAN

First year enrollment in our support program is required of new customers. Our support program provides unlimited telephone support to our customers and entitles the customer to any new software updates released while the customer's enrollment is active. Upgrading to a new version of Dynamics AX, Dynamics NAV or Dynamics GP typically requires new software release from Q.B.D. You will need to be enrolled in our support plan to be eligible for our new version.

Annual Support Plan 18% of list price of software

You may choose to prorate the support plan and extend the anniversary date so that it is aligned with your Microsoft ERP support period. No support plan will be written with a term of less than twelve months.

CONSULTING

Each new customer purchasing a license receives up to eight hours of remote consulting services to assist the customer in configuring and implementing the Universal PLM Adapter for their requirements at no charge. Most customers do not require more than eight hours of consulting, but some customers do have special requirements that take us longer than eight hours to complete. Additional consulting services are available at the current rate.

For orders originating in the US or Canada ONLY. This price list supersedes any earlier price lists. All prices subject to change without notice. All prices in U.S. Dollars. Resellers should call for margin information.

The most recent price list can always be found on our website at www.qbdsys.com.
